

Media consolidation is a danger to the democracy of our country. I wish to be one of the many people to utilize the power we have in deciding what media is broadcast in this country.

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before one of the most important elections this country has seen is unacceptable.

Sinclair is obligated by law to serve the public interest, and I am here to say that as part of the public my interest is in seeing less consolidation, less propoganda, and less skewed media.

Sinclair is a good example of why the license renewal process needs to involve more than a returned postcard. Thank you.
